To empower and provide women with life affirming alternatives associated with an unplanned pregnancy through the love of Jesus Christ.

SUPPORTING WOMEN IN LIFE CHOICES

April May June 2011

ALOHA

You are invited to a Luau!

See details inside...

A Word From Nancy ...

Many people ask what our greatest need is at Mend, and the answer is always "volunteers and financial needs." We have 20 wonderful volunteers but we could offer more services with more volunteers, so that need is always great... Please prayerfully consider that option.

With the financial situation of society today many more people are in need, so more are coming for help. However, many donors and churches have had to cut back, which causes a shortage.

Let me suggest ways to help! Some churches organize their own fundraiser. Bethany Freewill Baptist for many years has done a pie auction in November (right before Thanksgiving -- clever). Jeremy Moser and his Sunday School class at Lakewood Assembly of God will completely do the Mystery Dinner for the second year (see enclosed invitation). This is a good date night or a way to introduce new friends to Mend. You can be creative; just call with ideas.

With the economy we also receive fewer donations of gently used maternity and baby items. Possibility donors are having garage sales to help their own income instead of donating. You might organize a drive of good used items from friends, along with diapers and formula donated by people that may not have the used items but would like to help. In the past we have had churches, schools, and work places participate in this way.

Also, you might check during a neighborhood garage sale to see if neighbors would donate unsold items that you would pick up and bring to Mend.

See the needs list for needed items or call us at 745-6000.

One Life at a Time —

A Story from Kathy Adams, R.N.

“Susan” came to Mend for a pregnancy test. She is 19 years old and in college. She lives with her parents who are Christians and strong believers in the sanctity of life. However, Susan was afraid if she parented this baby it would put a huge burden on her mom who struggles with health issues. She began to consider abortion as an option. She was not ready to be a parent and abortion seemed like a possible alternative to the “problem”.

After her pregnancy test she had an ultrasound which was inconclusive; the baby couldn't be seen yet. A second ultrasound was scheduled and Susan's parents came with her. She saw her baby who was 4 weeks and 3 days from conception. She decided, with her parents support, that she would give life to her baby. Susan was considering adoption as an option. When Susan was out of the room, her mom shared with the nurse that she felt the father of the baby, Scott, was trying to talk Susan into having an abortion. So, when Susan returned the nurse talked to her about bringing Scott to see the baby on ultrasound.

The following week, Susan and Scott came back for another ultrasound. They both got to see their baby at 6 weeks from conception with it's heart beating at 160 beats per minute. Both decided that Susan should carry the baby. They were not sure about parenting and still considering placing for adoption. Referrals for adoption were given and that option discussed. The nurse assured them that they were making the right decision to give their baby life and as they turned their hearts to the Lord, He would lead them to what was best for their baby.

*A warm **Thank You** to all who attended our annual fundraising banquet in March.*

We think you'll agree that the speaker was powerful and the food was great!

The banquet was a huge success, raising over \$40,000 for the ministry of Mend.

We are so appreciative of your financial support as we labor to save lives.

We could not do what is needed without your generous support.

Upcoming Events

Monday Evenings: Weekly Prayer for Mend

5:30pm 1101 W. San Antonio St, Broken Arrow

Supporting Women in Life Choices

Mission Statement

The mission of Mend Medical Clinic/Pregnancy Resource Center is to empower and provide women with life affirming alternatives associated with an unplanned pregnancy through the love of Jesus Christ.

Purpose

Mend is a private, nonprofit, life-affirming organization whose purpose is to help women find and implement positive, loving solutions for unplanned pregnancies. This ministry encourages women to choose life by offering support and assistance during these times of crisis. Mend provides services to women without regard to race, age, financial status or religious preference.
